Product Compatibility Chart Explanations

Product Compatibility Chart

Key	
Not compatible	
Compatible	
Compatible under special circumstances	
Size differences may cause segregation	S

Note: High moisture lime increases compatibility problems

Mixes assume mature superphosphate products

Product	superphosphate	Sulphur Super 30	Urea	Flexi-N	Potash	Ammonium sulphate granular	Ammonium sulphate std	CAN	Ntirophoska products	DAP	MAP	Ammonium Nitrate	Potassium sulphate	Potassium nitrate	Sodium Chloride	Triple superphosphate	Cobalt Sulphate	Copper Sulphate	Elemental Sulphur crushed	Dry Lime	Mag oxide	Dolomite	Reactive Phosphate Rock
Superphosphate																							
Sulphur super 30																							
Urea		S																					
Flexi-N																							
Potash																							
Ammonium sulphate granular																							
Ammonium sulphate std			S	S																			
CAN		S					S																
Nitrophoska products																							
DAP		S					S																
MAP		S					S																
Ammonium Nitrate																							
Potassium Sulphate																							
Potassium nitrate																							
Sodium Chloride																							
Triple superphosphate							S																
Cobalt Sulphate			S	S		S			S	S	S	S	S	S	S	S							
Copper Sulphate																							
Elemental Sulphur - crushed	S	S	S	S	S	S		S	S	S	S	S	S		S	S	S	S					
Dry Lime			S	S	S	S	S	S	S	S	S	S	S	S	S	S			S				
Mag Oxide	S	S	S	S	S	S	S	S	S	S	S	S	S	S	S	S			S				
Dolomite	S	S	S	S	S	S	S	S	S	S	S	S	S	S	S	S			S				
Reactive Phosphate Rock	S	S	S	S	S	S	S	S	S	S	S	S	S	S	S	S	S	S		S	S	S
