DCM™ ZERO | READ LABEL CAREFULLY BEFORE USING

Read label carefully and obtain special instructions before use. Do not handle until all safety precautions have been read and understood.

HANDLING PRECAUTIONS

Harmful if swallowed, inhaled or in contact with the skin. Causes serious eye damage. May cause allergy or asthma symptoms or breathing difficulties if inhaled. Causes mild skin irritation and may cause an allergic skin reaction. Suspected of causing cancer and damaging fertility or the unborn child. May cause damage to the cardiovascular, blood/haematopoietic, alimentary and hepatic systems. Do not breathe dust. In case of inadequate ventilation wear respiratory protection. Wear protective gloves and clothing plus eye and face protection. Do not eat, drink or smoke when using this product and wash hands thoroughly after handling. Contaminated work clothing should not be allowed out of the workplace and should be washed before re-use.

FIRST AID

If swallowed, rinse mouth but DO NOT induce vomiting. If inhaled, remove to fresh air and keep at rest in a position comfortable for breathing. If skin contact occurs remove contaminated clothing and wash with plenty of soap and running water. If eye contact occurs, rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. For advice, or if you feel unwell, contact the National Poisons Centre 0800 POISON (0800 764766) or a doctor immediately. If medical advice is needed, have product container or label at hand.

ENVIRONMENTAL PROTECTION

Very toxic to aquatic life. Harmful to the soil environment and terrestrial vertebrates. Avoid release to the environment.

DISPOSAL

Preferably dispose of product by use. Otherwise treat the product so that it is no longer toxic and dispose of product and packaging at an approved landfill or other approved facility, or if appropriate recycle.

EMERGENCY RESPONSE

In case of spillage wear appropriate protective clothing and prevent material from entering water ways. Absorb spills with inert material and place in waste containers. Sweep up solids without creating dust. Wash area with water and absorb with further inert material. Dispose of waste safely.

DIRECTIONS FOR USE

The recommended dose rate is 5gms per cow per day.

Each 5 gram dose contains 5mg elemental selenium (as sodium selenate), 7.5mg elemental cobalt (as cobalt sulphate heptahydrate), 15mg elemental iodine (as EDDI chelate) and 500mg elemental zinc (as zinc sulphate monohydrate).

WARNING

Do not exceed the recommended dose rates. This product contains selenium and should only be used where a relevant deficiency has been diagnosed, and should not be used at the same time as any other selenised product without consulting a veterinarian or animal health adviser.

Approved pursuant to the HSNO Act 1996, Code: HSR002521. See www.epa.govt.nz for approval controls.

ENVIRONMENTALLY HAZARDOUS SUBSTANCE, SOLID, N.O.S. (Zinc Sulphate Monohydrate) UN Number 3077, Pack Group III, Hazchem Z2

In a transport emergency call 111; Police or Fire Brigade. For 24 hour specialist advice in an emergency, call 0800 CHEMCALL (0800 243 622). If additional safety information is required, refer to the Safety Data Sheet (SDS). For a copy of the SDS phone 0800 100 123.

Close and seal bag after use. Store locked up in a clean dry covered facility below 30°C and away from direct sunlight.
